Johnson's Rotary Laser Levels represent the pinnacle of laser construction measuring and layout technology. Johnson Level & Tool indoor rotary laser levels with GreenBrite Technology have 400% greater visibility than the red lasers used in all other rotary laser levels in this price range. Johnson Level & Tool is the clear leader in laser levels, giving you the most advanced laser level features and technology at unmatched price points. I needed a laser level to accurately set tops of footers in the ground for an outdoor pavilion kit that was a kit, and therefore each of 6 legs had to sit on a perfectly level footer all the way around the 31 foot span. Johnson 99-006K Self Leveling Rotary Laser is the best rotary laser level for home owners. It comes with a complete kit at a very affordable price
